

Sr. Automation Engineer / Sr. SDET – Hiring Process Hub

Page is about?

Purpose:

*This space serves as the centralized hub for managing the **hiring process of Sr. Automation Engineer / Sr. SDET** roles. It outlines the required skills, evaluation criteria, interview process, and communication templates to ensure consistency and efficiency across all stages of recruitment — from requisition to final offer.*

Child Pages Structure (Focused ONLY on Hiring Process)

1. Role Definition & Requirements

Purpose: Clear articulation of the job title, scope, responsibilities, and prerequisites.

Includes:

- Title & Band Level
- Years of Experience
- Core Responsibilities (QA Ownership, Automation Delivery, Collaboration)
- Technical Stack
- Must-Have vs. Nice-to-Have Skills

2. Skills Matrix & Technical Evaluation Criteria

Purpose: Define how we evaluate candidates technically.

Includes:

- Skills Grid: Java, Selenium, API, SQL, Jenkins, Git, Agile, BDD
- Rating system (1–5)
- Role expectation mapping vs. skill level
- Printable version for interview panels

3. Interview Flow & Panel Roles

Purpose: Guide on how to conduct interviews step-by-step.

Includes:

- Interview Stages (Screening Technical Round Final)
- Interviewer Roles & Responsibilities
- What to assess in each round
- Time allocation breakdown (coding, theory, scenarios, etc.)

4. Question Bank & Scenario Repository

Purpose: Standardized and level-specific interview questions

Includes:

- Java (Basic to Advanced)
- Selenium + Framework
- API (Postman + RestAssured)
- SQL + Oracle
- Agile/JIRA/Git/CI-CD
- Problem-solving + Judgment scenarios
- Test case & coding exercises

5. Resume Review & Screening Guide

Purpose: How to quickly screen resumes effectively

Includes:

- Red flags checklist (gaps, tool mismatch, inflated titles)
- Positive indicators (framework builder, cross-functional, CI/CD exposure)
- Sample evaluation sheet for resume scoring

6. Candidate Evaluation Templates

Purpose: Document structured feedback post-interview

Includes:

- Feedback Form Template (Ratings + Notes + Recommendation)
- Final Summary Email to Manager Template
- Status Tracker Table: Shortlist / On-Hold / Reject

7. Communication Templates & Workflow

Purpose: Save time on internal and external updates

Includes:

- Email template: "Interview complete – recommendation"
- Email to recruiter: "Please schedule / reschedule"
- Email to manager: "Profile approved – please proceed"
- Tool access request for new interviewer

8. Offer Decision & Approval Flow

Purpose: Final step before extension

Includes:

- Who decides: Role of Hiring Manager, Director, HRBP
- Final approval checklist (all feedback submitted, role still open, salary discussed)
- Sample AHA/JIRA story linking to open headcount
