

04B.GS Automation KT Video Follow-Up Tracker

Page is about?

Purpose: This page serves as a centralized **Knowledge Transfer (KT) Video Tracker** for the GS Engineering and Automation teams at Ascensus. It helps team members:

- Access key KT recordings from onboarding, environment setups, framework overviews, and process deep-dives.
- Track progress on reviewed videos.
- Record follow-up actions, questions, or documentation needs.
- Provide a historical reference for future onboarding or training needs.

Maintaining this page ensures **consistency in knowledge sharing**, reduces duplication, and provides clear visibility into **team learning status**.

How to Use / Follow This Page

1. **Watch** each video listed in the table below via the SharePoint link or network drive.
2. **Add Notes:** Use the **Notes/Action** column to summarize key learnings or write down pending items or doubts to raise with the presenter/team.
3. **Check for Updates:** Visit this page weekly to stay updated as new KT videos may be added and statuses change.
4. **Tag Others:** Use @mentions in Confluence comments or the table to notify relevant team members for follow-ups.

Main Video Repository Access

- [SharePoint Folder – GS KT Videos](#)
- Additional location: L:\Departments\Financial Services\UII\UII\KT Recordings
