

IDP Production Release – Enrollment & Login Validation

(Jan 21, 2025)

This page is used DURING the release on 01/21 @ 5AM.

Keep it open. Update it live. Do not overthink.

1 Release Snapshot

Purpose
IDP Production Launch – Enrollment & Login Validation

- Release Window**
- Release: **5:00 AM EST**
 - Testing Start: **5:30 AM EST**

- Environment**
- Production
 - Local execution only (PROD URLs)

- Hard Rules**
- No contributions / withdrawals / transfers
 - No DB updates by QA
 - MFA via tester-owned email & phone
 - Profile edit allowed (minimal only)

2 Ownership & Escalation

Role	Name
QA Lead	Nick
Director / Coordinator	Rajib Akhtar
Testers	Swapnil, Nick, Pramod, Pradha, Santiago
Sardine / Fraud	Priyal Patel's Team
DBA	Production DBA Team
Execution Logging	RT

3 Tester Playbook (What Everyone Follows)

Primary – Mandatory (Release Blocking)

1. Navigate to production login URL
2. Login with created credentials
3. Complete MFA
4. Verify IDP routing
5. Dashboard loads successfully

Any failure in steps 1–5 = **RELEASE BLOCKER**

Secondary – Potentially Blocking

1. Verify no CORS errors in console tab
2. Verify no errors in network tab

4 LIVE TABLE — Account Creation & Status

Updated in real time during account creation & testing

IDP – PROD PLANS (38)

Testing spreadsheet located here: L:\Departments\Financial Services\UI\UI\UI-QA\inbotvinnik
