

Prime V2 – Module-by-Module Coverage

Source: TestNG suite XMLs (Regression Suites XMLs/daily/), HTML reports (AM_Regression_Reports/), Confluence PDFs (1.1–1.8).

Module Inventory

#	Module	Suite XML	Status	In Old Docs?
1	Enrollment	stage1-enrollments.xml	Active	Yes (1.1)
2	Legacy Web Registration	stage1-web-registration.xml	Active	Yes (1.2)
3	Legacy Web Login	stage1-web-login.xml	Active	Yes (1.3)
4	CSR Account Maintenance	stage1-csr-acct-maintenance.xml	Active	Yes (1.4)
5	Contributions	stage1-contributions.xml	Active	Yes (1.5)
6	Withdrawals	stage1-withdrawals.xml	Active	Yes (1.6)
7	Account Balance Page	stage1-acct-overview.xml	Active	Yes (1.7)
8	Sardine Regression	stage1-sardine-regression.xml	Active	Yes (1.8)
9	Investment Options	stage1-investment-options.xml	Active (NEW)	No
10	Empower Plan	stage1-empower-plan.xml	Active (NEW)	No

1. Enrollment

Attribute	Detail
Suite XML	daily/stage1-enrollments.xml
Suite Name	Regression Test Suite - Enrollments
Tests / Methods	28 tests / 119 methods (from HTML report)
Thread Count	3 (parallel tests)
Approx Duration	~3 hours
Plans	NYD, MID, NYA, NYB, AKB, MIA, ILB, WVD, OKD, MND, COA, RIA, NMA, AKA, RIB, PAB, TNB, TND, PAD, PAG, VGI, NVU, KSD
Runners	ParallelFeatureRunner, FeatureRunner
Tags	@regression and @dailyrun, @dailyrun-naa, @dailyrun-non-naa

Coverage areas: NextGen enrollment (member, multiple beneficiaries), legacy ABLE enrollment (positive/negative), CSR enrollment (positive, negative, subsequent), advisor enrollment (NextGen, legacy), Wealthfront/PAD/Vanguard prefill enrollment, NVU (SSgA) prefill enrollment, Save-as-Draft (AKB, RIB, PAB, TNB, TND).

HTML report: Regression Test Suite - Enrollments {1,2,3}.html

PDF reference: 1.1. Enrollment - Automation Regression Suite (Prime Version 2).pdf

2. Legacy Web Registration

Attribute	Detail
Suite XML	daily/stage1-web-registration.xml
Suite Name	Regression Test Suite - Legacy Web Registration
Tests / Methods	11 tests / 54 methods
Thread Count	1 (sequential)
Approx Duration	~10 minutes
Plans	KSD, COD, CAD, MND, MID, OKD, COB, RID
Runner	FeatureRunner
Tags	@regression and @dailyrun

Coverage areas: Legacy (non-IDP) web registration for individual account owner, first-time account registration, negative scenarios.

HTML report: Regression Test Suite - Legacy Web Registration {1,2,3}.html

PDF reference: 1.2. Legacy Web Registration - Automation Regression Suite (Prime Version 2).pdf

3. Legacy Web Login

Attribute	Detail
Suite XML	daily/stage1-web-login.xml
Suite Name	Regression Test Suite - Legacy Web Registration (<i>labeling mismatch in XML/report; actual content is login</i>)
Tests / Methods	19 tests / 27 methods
Thread Count	1
Approx Duration	~15 minutes
Plans	MID, OKD, KSD, CAD, COD, RIB, PAB, COB
Runner	FeatureRunner
Tags	@regression and @dailyrun

Coverage areas: Legacy (non-IDP) member login (positive/negative), forgot username (positive/negative), forgot password (positive), CSR password update.

HTML report: Regression Test Suite - Legacy Web Login {1,2,3}.html

PDF reference: 1.3. Legacy Web Login - Automation Regression Suite (Prime Version 2).pdf

*Note: Suite name in the XML is "Regression Test Suite - Legacy Web Registration" but the content covers **login** flows. This is a known labeling mismatch inherited from the framework.*

4. CSR Account Maintenance

Attribute	Detail
Suite XML	daily/stage1-csr-acct-maintenance.xml
Suite Name	Regression Test Suite - Account or Profile Maintenance
Tests / Methods	14 tests / 24 methods
Thread Count	1
Approx Duration	~3.5 hours
Plans	NYD, NJD, KSD, NYA, ILB, AKB, NYB, RID
Runners	FeatureRunner, ParallelFeatureRunner
Tags	@regression and @dailyrun

Coverage areas: CSR personal information update, bank profile maintenance, beneficiary update, delivery preferences, security questions, payroll deduction.

HTML report: Regression Test Suite - Account or Profile Maintenance {1,2,3}.html

PDF reference: 1.4. CSR Account Maintenance - Automation Regression Suite (Prime Version 2).pdf

5. Contributions

Attribute	Detail
Suite XML	daily/stage1-contributions.xml
Suite Name	Regression Test Suite - Contributions
Tests / Methods	15 tests / 49 methods

Thread Count	4 (parallel)
Approx Duration	~9 hours
Plans	NYD, NYA, NYB, MID
Runner	FeatureRunner
Tags	@regression and @dailyrun, @ablerun

Coverage areas: CSR member single contribution, AIP (recurring) contribution setup, AIP update via CSR, AIP add/edit/delete, member contribution negative scenarios.

HTML report: Regression Test Suite - Contributions {1,2,3}.html

PDF reference: 1.5. Contributions - Automation Regression Suite (Prime Version 2).pdf

6. Withdrawals

Attribute	Detail
Suite XML	daily/stage1-withdrawals.xml
Suite Name	Regression Test Suite - Withdrawals
Tests / Methods	14 tests / 73 methods
Thread Count	4 (parallel)
Approx Duration	~4.5–6 hours
Plans	NYD, NYA, NYB, MID, MND, IND, WVD
Runners	FeatureRunner, ParallelFeatureRunner
Tags	@regression and @dailyrun

Coverage areas: CSR member withdrawal (positive/negative), member portal withdrawal (non-IDP), K-12 withdrawal, greenscreen withdrawal, systematic withdrawal plan (SWP), Flywire withdrawal (IND, WVD).

HTML report: Regression Test Suite - Withdrawals {1,2,3}.html

PDF reference: 1.6. Make a Withdrawal - Automation Regression Suite (Prime Version 2).pdf

7. Account Balance Page

Attribute	Detail
Suite XML	daily/stage1-acct-overview.xml
Suite Name	Regression Test Suite - Account Balance Page
Tests / Methods	10 tests / 10 methods
Thread Count	4 (parallel)
Approx Duration	— (not in PDF)
Plans	NJD, NMD, NYD, RID, NYA, RIA, AKB, MIB, RIB, KSD
Runners	ParallelFeatureRunner, FeatureRunner
Tags	@regression and @dailyrun

Coverage areas: Account balance validation via CSR (IDP: NJD, NMD, AKB, MIB; Non-IDP: NYD, RID, RIB; Advisor: NYA, RIA), member balance page validation (MND legacy).

HTML report: Regression Test Suite - Account Balance Page {1,2,3}.html

PDF reference: 1.7. Balance Page - Automation Regression Suite (Prime Version 2).pdf

8. Sardine Regression

Attribute	Detail
-----------	--------

Suite XML	daily/stage1-sardine-regression.xml
Suite Name	Stage1 Sardine Regression Suite
Tests / Methods	10 tests / 29 methods
Thread Count	1
Approx Duration	~3.5 hours
Plans	CAD, TNB, PAB, PAG, PAD, VGI, NYD, MID
Runners	ParallelFeatureRunner, FeatureRunner
Tags	@regression and @sardinerun, @dailyrun, @dailyrun-naa

Coverage areas: Sardine (fraud-detection) enrollment flows — NextGen (CAD), multiple beneficiaries, NAA ABLE (TNB, PAB), GSP (PAG), Wealthfront /PAD/Vanguard prefill, CSR member distribution (NYD, MID).

PDF reference: 1.8. Sardine Regression - Automation Regression Suite (Prime Version 2).pdf

9. Investment Options (NEW – Not in Old Docs)

Attribute	Detail
Suite XML	daily/stage1-investment-options.xml
Suite Name	Regression Test Suite - Legacy Web Registration (<i>labeling mismatch</i>)
Tests	2 tests
Thread Count	1
Plans	NYD, COD
Runner	FeatureRunner
Tags	@regression and @dailyrun, @agebasedfundrun

Coverage areas: Annual exchange for direct plan (age-based fund rebalancing).

*Note: This module was **not documented** in any of the original Confluence PDFs. It was added to the nightly regression after the original documentation was published.*

10. Empower Plan (NEW – Not in Old Docs)

Attribute	Detail
Suite XML	daily/stage1-empower-plan.xml
Suite Name	Regression Test Suite - Empower Plan
Tests	20 tests
Thread Count	4 (parallel)
Plans	COE (CO Empower), MID
Runners	FeatureRunner, ParallelFeatureRunner
Tags	@regression and @dailyrun

Coverage areas: CSR member contribution (single, AIP, update, negative), CSR member withdrawal (positive, negative, K-12, greenscreen, systematic, Flywire, fee), P/E adjustment, share adjustment, profile maintenance (personal info, bank, beneficiary, delivery preferences, payroll deduction, interested party).

*Note: This module was **not documented** in any of the original Confluence PDFs. It represents **cross-team support** for the Empower/Whitecap partner plan (COE).*

Summary Counts

Metric	Value
Active daily modules	10
Total daily tests (XML)	~143
Total daily methods/scenarios (HTML)	~454+
Plans covered	25+ plan codes
New modules (vs old docs)	2 (Investment Options, Empower Plan)
Removed modules (vs old docs)	0 (all 8 original modules remain active)
